

Certified Irish Angus Producer Group

Company address

Longfield, Virginia,
, Co. Cavan, Cavan

certifiedirishangus.ie

Channels Supplied:

Foodservice

Retail

We are Ireland's largest producer group and have been promoting excellence in Angus beef production for a quarter of a century. The success of the Certified Irish Angus brand has relied on the commitment and passion of our 10,000 farmer members, the expertise of our processing partners, ABP Ireland and Kepak Group and the commitment of our retail partner, Tesco Ireland, all who share our passion for excellence

Why Us

We are dedicated to safeguarding the excellence and sustainability of Certified Irish Angus. Our unrivalled expertise, strong partnership approach and exceptionally high standards makes our beef the first choice for farmers and consumers alike

Our product range

Certified Irish Angus:

Fillet Steak

Rib Eye Steak

Striploin Steak

Centre Cut Sirloin

Cowboy Steak

Carvery Rib Roast

Round Roast

Markets supplied

UK & NI

Sustainability

Certified Irish Angus animals are reared in small herds by small-scale farming families where there is a deep, historical passion for farming and for the farmland. This land, which is passed down through generations, is deeply respected and embedded in the history of these families. Our members aspire to pass on both the tradition of farming, and all the respect and resources of the land, to the next generation in a manner that will serve their family and their communities into the future.

Our Accreditations

- Origin Green Verified
- Sustainable Beef and Lamb Assurance Scheme (SBLAS)
