Moo'd ice-cream comes from the green hills of Cavan - handcrafted by a group of Irish experts and enthusiasts (and cows, don't forget the cows). A 100% quality Irish product using dairy milk and cream from over 3,100 farms across the country, the brand has been serving happiness aka whirlies, cones, soft-serves, milkshakes and sundaes across convenience retail stores across the Ireland since 2016 and is now in over 350 stores nationwide.

AND VITAMIN D

DANONE

Moo'd is all about natural ingredients and simplicity, that's why they steer clear of vegetable oils that could take from the creaminess of the dairy. It's this creaminess and superior quality that has earned Moo'd ice-cream Great Taste Awards.

The team behind Moo'd says, "whether you have the Monday blues or you're riding high on that Friday feeling, we'll do our best to uplift your mood to that next level. Give us a whirl."

You can also chill at home with the Moo'd range of take-home tubs available in their most popular flavours; Madagascan Vanilla, Mint Chocolate Chip, Cookies & Cream Gelato as well as Salted Caramel Chocolate Brownie and Cookie Dough.
