Jade Ireland Limited is a joint venture between two leading Irish Seafood companies to provide high quality seafood to the Chinese market. The companies: McBride Fishing and Sofrimar are strategically located around the coast of Ireland with abundant access to high quality seafood from the pristine, cold unpolluted waters of the Atlantic and Irish seas.

The integrated nature of the companies with access to owned fishing vessels means that seafood is caught and processed quickly, ensuring that only high quality, delicious seafood is provided to the market.

Jade Ireland is supported by world class processing facilities enabling a broad range of seafood to be provided including processed and live crab, lobster, oysters , prawns, scallops and white fish. The group is a recognised leader in seafood, new product development, packaging innovation and has received multiple seafood awards.

## Why Us

We can offer customers a diverse range of products from one company.

Our cooking system and live shellfish holding system are state of the art.

We pride ourselves on catching the product in the most sustainable way and which is completely traceable.

We are the only Irish crab company with a full crab meat extraction line allowing us to process crab all year round and use the full crab in our recipes, making full use of the valuable food source.

All year round availability of Live Brown Crab with consistent superior quality.

## Our product range

- Live: Brown Crab, Blue Lobster, Whelk, Sea Urchin, Oyster
- Frozen: Brown Crab, Velvet Crab, Spider Crab, Blue Lobster, Whole Whelk, Whelk Meat, Dublin Bay Prawn, Scallop, Otter Clam, Crab Meat, Crab Claws, Squid, Cuttlefish, White Fish
