Manufacturing

Tipperary Co-operative Creamery Ltd is a medium sized, 100% farmer owned Co-operative processing approximately 400 Million Lts of Milk per annum. With over 100 years of dairy processing experience, Tipperary Co-operative is widely renowned for the manufacture of high quality, technically differentiated Dairy ingredients.

Tipperary is a leading supplier of high-quality milk powders to the Infant Formula manufacturing sector and the food ingredient sector both within Ireland and across Europe for over 40 years. Tipperary continues to be a leading manufacturer of high heat and high heat - heat stable, low spore skim, buttermilk and whey powders.

From their highly automated cheese factory they manufacture a variety of continental style cheeses that include Emmental and Maasdam. Tipperary also manufactures a variety of processed cheese formats that vary from retail and food service packs to highly functional ingredient formats. Tipperary Co-operative also produces a high-quality grass-fed butter for the retail and food ingredient sector
